

Bonjour,

You are required to enter at one of the two ports of entry in the Marquesas, Nuku Hiva or Hiva Oa. Once here you are to present yourself with your crew at the Gendarmerie to complete your formalities. Making landfall elsewhere before completing the entry formalities is illegal.

Should you choose to use our services, we will need a crew list, scans of passports and the ship's registration. Additionally, I would like to know what your expected departure date and the departure port are at this point.

We can help you with many aspects of your time in French Polynesia. If you are EU citizen you will be granted unlimited time in French Polynesia. You can also request a long stay visa for your spouse as long as you can show your marriage certificate. Regardless she will need either to post a bond of \$1,500 USD, have a departing airline ticket or have a bond guarantee from an agent. A bond guarantee will require verifiable proof of health insurance for each individual.

Holders of visas where a Carte de Sejour is to be solicited are obliged to meet the bond requirement. Holders of 12-month visas, are not obliged to meet the bond requirement. On Hiva Oa we work with another service provider and will put you in contact with them. If you will be needing a large amount of fuel, we can get you an authorization for fuel tax-free.

Please let me which, if any, of these services you are interested in the price list is below. Our fees are as follows (Viking Explorer Prices in Brown):

- Entry Formalities \$70 USD (\$60)
- Entry Formalities Hiva Oa \$120 USD
- Bond Exemption \$110 USD per person (proof of health insurance is required) (\$100)
- Duty Free Fuel certificate: \$130 USD
- Crew Change \$30 USD (\$20)

Dossier Carte de Sejour 5000 individual, 7000 married or family (translations not included)

Please complete the contact form so I can open a file for your boat on my computer. I will also require your passports and ship's registration and a crewlist.
